QUALITY POLICY

HABSHAN Contracting will provide adequate procedures to our employees that satisfy standards acceptable to most industrial and Engineering entities. We will strive to improve the quality of our service at reduced cost and to constantly satisfy the expectation of our clients and relevant agencies.

The Senior Management and Staff of **HABSHAN Contracting** also undertake to ensure that all activities are conducted in strict accordance with company documented procedures and comply with the requirements of the ISO Standard.

At **HABSHAN Contracting**, we are developing our quality system in accordance with the leading companies and we are obsessed with implementing a quality assurance system to issue a company's quality manual, at this stage based on the nature of the business and the technical requirements of the customer and with this in mind. Required industrial values.

We strictly adhere to quality standards and integrate project-specific quality assurance practices into our work environment to minimize our concerns and ensure project deadlines are met.

It is the policy of **HABSHAN Contracting** to conduct its activities and operations in manner which is designed to ensure the Health, Safety and Welfare of all employees, relevant contractors and others who may be affected by its work activities, and to give regard to the preservation of the environment, particularly in its operational locations.

This will be achieved by minimizing work place risks, which may give rise to accidents / injuries or occupationally related ill health. We are committed to ensuring good standards of HSE performance and we have allocated the provision of adequate resources to operate HSE as part of the overall business program.
